BRINKERHOFF'S

Corn Sheller, Separator and Cleaner.

THE undersigned would inform the Agricultural public that he has purchased from the Patantee of this extraordinary machine, the Patent Right for the States of Pennsylvania and Maryland.
Brinkerhoff's Corn Sheller, Separator and Cleaner, is pronounced the best machine of the kind in this country. And in proof, it may be mentioned that the "Advisory Committee appointed to select Implements for exhibition at the Universal Exposition in Paris, in 1867, have selected this Sheller as the best in America, and at the request of J. C. Derby, U. S. Agent, a machine has been shipped to Paris for exhibition.
The fact may also be stated that at the great trial of Agricultural Implements, at Auburn, N. Y., in July last, under the auspices of the New York State Agricultural Society, Brinkerhoff's Corn Sheller, Separator and Cleaner was reported by one of the most competent Committees as the best Corn Sheller out. They say, "We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it *the best Corn Sheller we ever saw.*" The report is signed by such men as John Stanton Gould, President N. Y. State Agricultural Society; B. P. Johnson, Secretary to same; Solon Robinson, Agricultural Editor N. Y. Tribune; S. Edwards Todd, Agricultural Editor N. Y. Times.
From numerous complimentary newspaper notices, the following, from the New York *Observer*, is deemed sufficient:
"Among all the Hand Corn Shellers made in New York and Albany, not one single firm manufactures more than 10,000 annually—not one can enter the circle with the Sheller just invented by J. Brinkerhoff, Auburn, New York. It shells, separates and cleans, rapidly and easily, at one operation, as fast as the ears can be put into the hopper."
The undersigned is now prepared to dispose of COUNTY RIGHTS. He will have ONE MACHINES ready for sale in the course of a month's time.

SPIDERS.

I walked through the garden lilies,
And found in the fairest one
A great black spider, weaving
His shining web in the sun.
Airily, swiftly darting
To and fro as he spun,
Till the glittering mesh was woven,
The silver snare was done.

I saw in the moonlit garden
A lover and maiden meet;
His eyes were true and tender,
And his words how pure and sweet!
Why did I think of my lily—
The very fairest one—
And the great black spider weaving
His cruel web in the sun?

CONCERNING THE SOUL.

A preacher once endeavored to teach some children that their souls would live after they were dead. They heard his words, but did not understand them. He was too abstract; he shot over their heads.

Snatching his watch from his pocket, he said: "James, what is this I hold in my hand?"

"A watch, sir."

"A little clock," said another.

"How do you know it is a watch?"

"It ticks, sir."

"Very well; can any of you hear it tick?"

"Yes, sir, we hear it."

Then he took off the case, and held that in one hand, and the watch in the other.

"Now, children, which is the watch?"

"The little one in your hand, sir."

"Very well, again. Now I will put the case aside—put it away down there, in my hat. Now let us see if you can hear the ticking."

"Yes, sir, we hear it," cried several voices.

"Well, the watch can tick, and go, and keep time, you can see, when the case is off, and put in my hat. So it is with you, my children. Your *body* is nothing *but the case.* The soul is inside. The case may be taken off, and buried in the ground; may be cast into the fire, or thrown into the sea, but the soul will live on just as well without the body, as this watch will keep on ticking when the case is laid aside."

Now, that illustration and that thought will live in the minds of those children forever.

WHAT ARE YOU LIVING FOR?—A pastor walking out recently, met a little girl belonging to his flock. As they walked on together, he spoke to her of her studies, and was pleased to find her manifesting an interest amounting almost to enthusiasm in the cultivation of her mind:

"But why, Ellie," asked the pastor, "are you so anxious to succeed in your studies? What do you expect to do with your education after you get it?"

"Oh sir," said the girl, "I want to learn that I may do some good in the world. I don't want to tell the Lord in the day of judgment that I have lived so long in the world without having done any good in it."

Noble purpose! Who of our young friends are studying and living to so good an end? Who of us are making an impress for good on the hearts and minds of those among whom we move?

GOD COUNTS.—A brother and sister were playing in the dining-room, when their mother set a basket of cakes on the tea-table, and went out.

"How nice they look!" said the boy, reaching to take one. His sister earnestly objected, and even drew back his hand, repeating that it was against their mother's direction.

"She did not count them," said he.

"But perhaps God did," answered the sister.

So he withdrew from the temptation, and, sitting down, seemed to meditate. "You are right," replied he, looking at her with a cheerful yet serious air, "God *does count;* for the ible says the hairs of our heads are all numbered."

THERE was a dry old fellow out in Jefferson county, in this State, who called one day on the member of Congress elect. The family were at breakfast, and the old man was not in a decent trim to be invited to sit by; but he was hungry, and determined to get an invitation.

"What's the news?" inquired the Congressman.

"Nothing much, but one of my neighbors gave his child such a queer name."

"Ah! and what name was that?"

"Why, Come and Eat."

"*Come and Eat?*"

"Yes, thank you," said the old man. "I don't care if I do," and drew up to the table.

A GENTLEMAN who was about to travel on a French railroad had, at the time of entering the car, an unlighted cigar in his mouth. Observing that there was a lady in the compartment, he was about to replace the cigar in his case, when, lo! from the lady's feet there arose a fierce dog in a threatening attitude. At the same time the lady snatched the cigar from the gentleman's mouth and threw it out of the window, with the remark: "I dislike smokers; they make me ill." The gentleman, with a polite bow, rejoined: "I do not like dogs, they annoy me." Then, seizing the animal by the back of the neck, he pitched him after the cigar.

A GIRL was wronged by a man in Laporte, Indiana. When its full extent became known, she procured a large bowie knife, and sought him out. She found him in an outhouse and sprang upon him. He fled to the house, and she followed. As she ran she picked up some boulders. He fastened himself into a room. She threw a boulder against the pannel, made a breech and then entered. He cowed into a corner, and she slashed away at him miscellaneously, horribly disfiguring him. He finally yielded, crying: "I will marry you, or anything else, if you will only stop." She stopped, and they were married that same night. The excitement brought together a large crowd.

LITTLE MIFFS.—Some editor says that the destiny of the world often hangs on the smallest trifles. A little miff between Charles Bonaparte and his love Letitia might have broken off a marriage that gave birth to Napoleon and the battle of Waterloo. To which a cotemporary adds: "Yes, that is a fact. Suppose a little miff had taken place between Adam and Eve! What then?"

DURING the late political canvass in Massachusetts, the Democratic rallying cry was "Adams and Liberty;" that of the Republicans, "Bullock and Roast Beef."

DEATH IN DOORS.

Multitudes of persons have a great horror of going out of doors for fear of taking cold; if it is a little damp, or a little windy, or a little cold, they wait, and wait, and wait; meanwhile, weeks and even months pass away, and they never, during that whole time, have a single breath of pure air. The result is, they become so enfeebled that their constitutions have no power of resistance; the least thing in the world gives them a cold; even going from one room to another, and before they know it; they have a cold all the time, and this is nothing more or less than consumption. Whereas, if an opposite practice had been followed of going out for an hour or two every day, regardless of the weather, so it is not actully falling rain, a very different result would have taken place.

Shut your mouth in going from a cold to hot atmosphere, as well as the reverse; this simple operation brings the temperature of either a cold or hot air to the natural standard before it reaches the lungs, by making it take the circuit of the head; whereas, if the mouth is kept open, it dashes down upon the lungs like a shock. Whether asleep or awake, we should accustom ourselves to keep the mouth shut; the advantage in our sleeping hours is that we do not snore, we do not have the night mare, flies, bugs, and spiders do not crawl down the throat, and we do not tell tales in dreams; the benefits in the daytime are that it induces a more healthful, deep, full, and free action of the lungs, prevents innumerable chills and colds, and saves many a domestic sorrow.—*Dr. Hall's Journal of Health.*

A GOOD LOVE STORY.—An Ohio paper tells the following novel story: A young couple planned an elopement, the girl descended from her room

FRIDAY AFTERNOON, NOV. 22, 1867.

THE LATE ELECTIONS AND CONGRESS.

That the white people of the Eastern, Middle and Western States, in the recent elections rebuked Congress and repudiated its unconstitutional, tyrannical and infamous acts, is a fact beyond reasonable question. The tax payers, tired of the ravings of fanatics, the plottings of office-holding and office hunting knaves and demagogues, and the constant increase of public burdens instead of the decrease which should have followed the return of peace—have arisen in their strength, and said as plainly as they thought was needed, *that these iniquities must stop.*

But will Congress accept the popular verdict, so emphatically expressed, and shape its course accordingly? If it does not, it may look for even a louder and more crushing voice of condemnation at the elections in 1868. The people will not tolerate a longer trifling with their dearest interests by a set of unprincipled "knaves or fools," who in an evil hour obtained control of the nation's affairs.

The views of the Democratic press on this subject are uniform, and expressed in no uncertain way. The *Age*, a leading journal, asks, "Will Congress heed this warning? Will they listen to the tones of condemnation which ring out against their measures from all parts of the land?"—and continues: "Confessedly acting outside of the Constitution, *they* based the defence of their course upon the will of the people. That was the answer given to all criticism upon their acts and measures. The people have now spoken, and in a manner not easily misunderstood. They have condemned the whole programme of the Radical party. Not a measure upon which the masses could express an opinion at the ballot-box has been endorsed. The people of the North demand that the white race in the South shall be emancipated from negro thraldom, negro insolence and negro rule. They have declared against negro suffrage, North and South, in the most positive and unmistakable manner. They have recorded their verdict in opposition to freedmen's bureaus, and all such contrivances for feeding and clothing worthless negroes at the expense of the over worked and over-taxed white operatives of the North. They ask Congress to liberate the capital of the nation from the bondage of bad laws, and allow it to be useful to its owners and the nation. They claim the right to demand from their servants a reduction of the expenses of the government. Five hundred millions of dollars a year for current expenses in a time of peace is what the people are objecting to at this time, and this, combined with the other counts in the popular indictment against the Radical party, is the basis of the overwhelming verdict which was rendered at the recent elections in the North.

"Will Congress acknowledge the meaning and binding force of the decision against them, or will *they* become desperate, and push on the column of radical 'progress,' regardless of the warning against such a course uttered from the ballot box? The people are anxious for repose in order to meet the pressing demands of the present hour in a business point of view. They want a united country, and they demand from Congress an entire abandonment of the present programme of the Radical party, and a fresh departure from the standpoint of the recent elections. Will their demands be granted? If not, the next political storm will be more fearful in its character."

The New York *World*, also prominent, declares: "If Congress persists after such a rebuke, it will add impudent defiance to the expressed will of the people to the catalogue of its perfidies to republican principles. We tell these architects of tyranny again, and shall not cease to tell them, that their work will not be permitted to stand. They are like the foolish man in the Scriptures who built his house upon the sand; and the winds blew, and the rains descended and the floods came and beat upon that house, and it fell, and great was the fall thereof. The indescribable impudence of pretending that the reconstruction scheme has, or ever had, *the support of the people*, or of daring to proceed with it in defiance of their known will, or of thrusting negro suffrage upon the South where their numbers and ignorance render them dangerous, immediately after its vehement rejection by the North where their fewness would render negro suffrage comparatively safe,—such insolent defiance alike of consistency and of the people, will meet its due retribution as soon as another election shall put the people in possession of the government. We will concede a great deal to gain now what we shall next year have power to take, but the passions which the Republicans seem determined to provoke and kindle to the utmost in the contest, will prevent any tenderness either to them or their work in the day of their final humiliation."

NO MATTER WHO.

The recent elections indicate that the people of the North have determined to defeat any candidate for the Presidency who will run upon a platform containing an endorsement of the Congressional African plan of Reconstruction. The country cannot bear the ignominy which would attach to its history, if ten millions of whites were to be placed under the dominion of four millions of Negroes. *No matter who may be the candidate* who consents to run upon a platform endorsing this enormity, he will be beaten by the most overwhelming vote ever cast against an aspirant for public office. Military prestige, statesmanship, money, official patronage, nothing under the sun, can save the nominee of the party that endorses Negro Suffrage. In these times, men are nothing, principles everything. The people have given the Radicals timely warning. Will they heed it?

THE Radicals are in an "ugly fix" in regard to the negro. Whilst many of them desire to abandon him, the leaders see that if they let him "slide" they will have no other hobby to "tie to." Either horn of the dilemma has a disastrous look. The "situation" cannot but remind them of a story Lincoln used to tell. He said that one of his neighbors was chased across a field by a fierce bull, and to save himself he made for a tree, but as he had no time to climb it he ran round it, the bull after him. As a matter of safety he seized the animal by the tail and thus they revolved around the tree. He found he was not much safer than before, but dared not give up the tail. Looking up the tree he saw a man who had taken refuge there from the same bull, and in despair he cried out, "Come down, Bill, and help me let go!" So with our Radical friends, they will soon be crying for somebody to "come down" and help them let go of the negro.

Thanksgiving was observed yesterday.

DEMOCRACY AND INTELLIGENCE.

After the Pennsylvania election, the New York *Tribune* said: "If there was neither a newspaper nor a common school in the country, the Democratic party would be stronger than it is." If this statement be true, how is it that in the City of New York, where more and abler newspapers are published and read than amongst the same population else where, where the public schools surpass in excellence any in the world, and are attended by one hundred and fifty thousand pupils yearly—how is it that New York rolls up a Democratic majority of 61,000? How is it that Philadelphia, the second city of the Union, with its multitude of newspapers and its splendid system of free education, gives a Democratic majority? How is it that Boston, the centre of refinement and intelligence, the Athens of America, which boasts that it contains more wealth and intelligence than any city of the Union—how is it that Boston gives a Democratic majority? How is it that Baltimore, renowned during half a century for her educated men and beautiful women, gives a Democratic majority of 15,000? How is it that San Francisco, the Queen City of the Pacific slope, the centre from which radiates the new civilization of the far west, how is it that she gives a Democratic majority? It would be useless to add to this list the cities of the West and South, or the smaller cities of Brooklyn, Albany, Lancaster, Harrisburg and others which give Democratic majorities. In view of these facts we challenge contradiction to the assertion that wherever there are newspapers and schools, wherever there is education, intelligence and virtue, there the Democratic party is in the ascendency. If the Republicans will continue to claim all the intelligence in the land, they had better get up a new set of facts.

THE NATIONAL DISGRACE.

We think it is perfectly safe to say that a large majority of those who have habitually voted the Republican ticket in Pennsylvania, are filled with disgust as they read the accounts of the Virginia and Georgia elections. They cannot help seeing that there is nothing but danger and disgrace to be expected from such proceedings. They must know and *feel that the States which are thus subjected to the rule of the most ignorant and degraded specimens of an inferior race, must be a dangerous element in the Republic.* It needs no argument to show, no array *of facts to demonstrate*, even to the most thoughtless, that the political and *material interests of the entire* nation are being imperilled by the mad course of the fanatics in Congress. No one State can be stricken without the wound being felt by all. Ten States of this Union cannot be given over to the rule of barbarian negroes and the rest remain free and prosperous. As well might we expect the human body to continue in health and vigor with an arm crushed or a leg paralized.

GRANT OPENS HIS MOUTH AT LAST.

The Radicals having been driven to the necessity of finding a scape-goat for their political sins in the person of Gen. Grant as their candidate for the Presidency, have sought, hitherto in vain, to wheedle him into the folly of committing himself to their principles. At last they have succeded. They have fairly caught him in their toils. It is now stated on the highest Radical authority, that, "some weeks ago a distinguished Radical politician talked with Gen. Grant about the flattering prospects of the Republican party, with the view of obtaining some impression; but, on the conclusion of his remarks, Grant coolly said, 'What do you think of Marshal Brown's slut's pups?'" This shows, beyond the reach of a peradventure, that Gen. Grant is sound on the Radical goose; and if we can find out just what that "distinguished Radical politician" said about Marshal Brown's "purps," we shall know all about the political opinions, not only of Gen. Grant, himself, but of the whole Radical party. We shall no longer be compelled to fight as those who beat the air; but must make up our minds to meet the valiant hosts of our adversaries as they stand defiantly upon the "purp" platform, and do the best we can. With some misgivings, we accept the situation.—*Erie Observer.*

NO CHANCE FOR GRANT AS A RADICAL CANDIDATE.—The New York *Herald*, which has been the most devoted advocate of the claims of General Grant as a Presidential candidate, has a very strong editorial on the "negro Conventions in the Southern States, and their effect on the North," in which it emphatically declares:

If General Grant accepts the Radical nomination upon such a platform as the Radicals now tread *he will be beaten*, despite his national popularity and his masterly reticence. General Scott was defeated when there were similar but minor principles involved, and President Pierce, with all his imbecility, then stepped into power.

The *Herald* sees what is in the future. Any candidate whom the Radicals may put up will be defeated. The people of this country are not prepared to turn the greatest nation in the world over to the wild rule of a set of barbarian negroes, just freed from slavery.

GENERAL GRANT AND THE PRESIDENCY.—The Washington Star says: J. M. Morphis, Esq., editor of a paper in Texas, this morning called at the War Department and had an interview with General Grant. During the conversation Mr. Morphis said to the General that the people in his section were determined to support him for President, and hoped he would be elected. General Grant immediately turned the conversation to another subject. Mr. Morphis again brought up the subject of the presidency and said—"General, we want to run you for President, and I want to know what I can say when I return home." General Grant replied, "Say nothing, sir. I want nothing said."

A LATE telegram to the *Press* says:

Chief-Justice Chase, in conversation with a prominent Southern politician, recently stated that he was not as Radical in fact as in fame, and that he was troubled with a number of indiscreet friends, who act without heeding his advice or the common dictates of prudence.

The Chief-Justice is trying to affect conservatism in view of the late elections. He reminds us of an old couplet, which runs:

When the devil was sick,
The devil a saint would be;
When the devil was well,
The devil a saint was he.

WAIT until the Presidential election, and then—so say the Radicals, with meaning twists of the neck. This is like the beaten school boy threatening his adversary with a big brother, who is coming home from a whaling voyage.

A REPUBLICAN exchange says *it does* not expect much from Congress this winter; that the time will be taken up in skirmishing for the next Presidential contest. We have not doubt it is quite right. No good thing can be expected from such a gathering of fanatics and corrupt political adventurers.

THE EMPIRE STATE.

Of all the victories achieved by the Democracy this fall, the victory in New York is the most important, the most brilliant. It is the largest, most populous, and most wealthy State in the Union, and wields a powerful influence upon the other States. The result in New York makes it almost certain that the Democrats will elect the next President of the United States. Had this great State, with its 33 Electoral votes, adhered to the enemies of the country, the most sanguine Democrat would have despaired of success in the great contest of 1868. Both parties felt this, and hence it was that the recent contest in New York was carried on with so much vigor, determination and zeal. It was death to the party that was to be defeated.

Never in the history of party warfare was such an effort made as the Negro party made to save New York from the march of the popular upheaving—the great ground swell, that has been manifested in all the elections held this fall. The National Republican Committee, the Congressional Republican Committee, the Colored National Committee, the Equal Rights Committee, with humbug "General" Sheridan as traveling agent, joined the efforts of the Radical State Committee of New York, in the desperate attempt to stay the tide of popular opinion. The State was literally besieged by Radical slangwhangers; and political tracts, filled will sweltering lies, were as numerous as the leaves of Valambrosa. Defeated in nearly all the Northern States, the conspirators piled into New York all the men and money they could rake and scrape together. It was their last card—their last desperate effort to stifle the voice of an honest and betrayed people. Their salvation or destruction depended upon the result, and their all, their last hope was staked upon the issue. All the energies, all the abilities, all the talent, all the cunning, all the means, all the villainy of the party were put into play to save them from the impending ruin "At all hazards, and without regard to means or money, we must save the Empire State," said the conspirators.

But all would not do. The people of New York—a State that had contributed more men and more money to the war than all the New England States combined—had made up their minds, to strike down the infamous and devilish men who compose the Negro-disunion party. Nothing could move them from their purpose; nothing could appease their wrath; nothing would satisfy them but the condemnation and death of the God-defying Negro party. With one *heart*, one *mind*, one *will*, and one sworn determination, the sovereign PEOPLE of New York met their opposers at the polls, and defeated them, horse, foot and dragoons. Nay, not only defeated them, but annihilated them.

Glorious New York!—all honor to the greatest of our States—a State that is an Empire within itself. Will the dare-devils in Congress after this response of New York to Pennsylvania, Ohio, Connecticut, California, Maine, Kentucky, Maryland, Delaware and Nevada—will they dare go on in their work of treason? Will they continue to outrage public sentiment and public decency, and put the people at defiance? We trow not. But if they do; if they persist in their treason, then the people will *demand of* President Johnson that stronger measures be used against them. The yeomanry of the country are in no humor to be trifled with longer. They are angry, and *in terrible earnest*, and have sworn in their hearts that this country shall not be torn to pieces, nor be controlled by semi-barbarian negroes. This is their determination. Let the conspirators then take heed, if they do not desire to feel the people's wrath.—*Carlisle Volunteer.*

WHAT WE HAVE GAINED.

The following table will show the important gains made by the Democracy during the year 1867, at the State elections:

California	30,000
Connecticut	2,000
Indiana	25,000
Iowa	8,000
Kansas	10,000
Kentucky	12,000
Maine	16,000
Maryland	30,000
Massachusetts	38,000
Minnesota	6,000
New Hampshire	5,000
New Jersey	16,000
New York	63,000
Ohio	40,000
Pennsylvania	18,000
Vermont	3,000
"West Virginia"	4,000
Wisconsin	19,000
	343,000

In round numbers, Three Hundred and Forty-three Thousand! That will do for the present. It is a notable fact, also, that in not a single State which has held an election this year have the Radicals made a gain. They have lost everywhere and in all.

HEALTH OF Mr. STEVENS.—The latest reports from Washington say that Thaddeus Stevens has been very much prostrated since the day after his appearance at Washington. The correspondent of the New York *Herald* says, it is evident that he is in a rapid decline, mentally and physically. His conversation upon subjects which have long occupied his mind is disconnected and broken with frequent pauses, manifesting a great effort to confine himself to a consecutive train of thought. At intervals a gleam of enthusiasm passes over his mind, when he brightens up and utters sentences with vigor and emphasis, but soon relapses into a kind of intellectual torpor. Physically he is greatly emaciated and enfeebled by his recent illness. If Mr. Stevens finds strength sufficient to enable him to attend the sessions of the coming Congress he will be unable to take part in its proceedings, and it is the general impression that it will be his last session. Notwithstanding his reduced condition he uses every effort to converse with his friends and urge upon them a vigorous prosecution of the measures which have been inaugurated under his direction. He says that his health will not permit him to introduce either of the bills he had in view for the coming session. The first—on the subject of universal suffrage—he says he considers will not be passed. The other—respecting the suspension of civil officers, pending the trial for impeachment—he considers necessary for the reason of the absurdity of the arraignment of an officer for crime or misdemeanor, allowing him meanwhile to exercise the functions of his office. In his conversation upon this subject he displays unusual interest, showing a disposition, if it were in his power, to increase the embarrassment of the Radicals by adding the weight of this question to their burdens. Mr. Stevens admits his desire to bring in such a bill; but his inability to vindicate it properly compels him to forego its introduction.

FITZ GREEN HALLECK, the poet, died at Guilford, Conn., on Tuesday night, aged 80 years.

CHARLES DICKENS arrived at Boston on Tuesday.

"ANOTHER JOHNSON."

The overwhelming defeat of the Radicals at the October and November elections, has frightened many of them from their propriety, and causes them to fight shy of the ultra men of their party. The factions which have been under the ban of the extremists, are taking advantage of this "scare," and are recruiting their ranks with great rapidity. The Weed men and the followers of Raymond, in New York, the Curtin men in Pennsylvania, and the Binghamites in the West, have all taken the cue, and are working away with great zeal and energy to recover their ascendancy in the Republican party. In order to accomplish their purpose, they have declared in favor of Gen. Grant as their nominee for the Presidency. By this course they hope to out-general the extreme Radicals, and to regain the control of affairs in the organization. Thus the Seward influence is once more to be made predominant in New York, Cameron is to be laid on the shelf in Pennsylvania, and Chase and Wade are to be given back seats in the West. Yet these miserable factions are not more conservative than the men whose retention of power they oppose. They do not propose to abandon any of the extreme measures inaugurated by the outspoken Radicals. But they are "policy men," have always been such, and hence their quarrel with Greeley, Wade, Sumner and Co. Meanwhile the latter are doing all they can to stem the tide of opposition to their continued ascendancy. They have brought out Judge Chase as their candidate for the Presidency, and are advocating his claims with great vigor. The N. Y. *Tribune*, of a late date, contains a long article devoted to the interests of Chase, and its lead is followed by other prominent Radical journals. Already the feeling for Grant is getting weaker, and those who were ardent in his support a week ago, are now inquiring as to whether he is really a Radical and whether they can safely trust him. Others say they will not support any man who is not a tried Radical, having had a sufficient experience with men of doubtful political status. They declare they will not have "another Johnson," and would rather that an out-and-out Democrat be elected, than to be afflicted with another *turn-coat*. And thus the fight wags. The question, just now, with Republicans, seems to be, *Will we have another Johnson?*—*Bedford Gazette.*

THE WILL OF SCHOFIELD THE LAW.

HD. QRS. FIRST MILITARY DISTRICT,
RICHMOND, VA., Oct. 31, 1867.

His Excellency F. H. Pierpont, Governor of Virginia.

I have received letters from several members of the late Virginia Legislature, inquiring whether there would be a session of that body during the coming winter, and raising the question whether, under the State laws, members of the House of Delegates do not hold over until their successors are duly elected and qualified. Without deciding the latter question, I have to request that you will inform the members of the late Legislature that the regular session of the Legislature for the coming winter will be dispensed with. Very respectfully, your obedient servant,

J. M. SCHOFIELD,
Brev. Maj. Gen. U. S. A.

Just stop, and think of it for one moment. *The commander of military district No. 1, embracing the State of Virginia, dispenses with the regular session of the Virginia Legislature.* Are we living in a republic? Surely this action of Gen. Schofield savors of the most odious military despotism. It was high time for the people to thunder their disapproval of this mode of governing the South.—Let the motto of the people be—down with military tyrants!

INFAMOUS.

There is no end, says the Macon (Geo.) Telegraph, to the wicked lies and threats that are being resorted to by the Radical leaders, white and black, to drive the poor negro to the polls and compel him to vote, even against his will. A party of negroes near this city, who had no wish to vote, told their employer yesterday that they were threatened with death if they did not go forward and deposit their ballots. Others were told that it was a penitentiary offence not to vote, and that all who refused would be arrested. Another party insisted on coming to town and voting, because all who did not appear and vote the Radical ticket would be sold back into slavery, and they knew it would be so, because Captain Hill, of the Bureau, had issued a circular to that effect. Captain Hill has denied, in the presence of gentlemen, that he ever issued anything of the kind, or authorized anybody to make such a statement. These things are all infamous and lying inventions, but they have, doubtless, had their effect on thousands of the poor, ignorant blacks. What an awful account the Radical party are running up against themselves in their dealings with this ignorant and unsuspecting people!

DOINGS OF A DELEGATE.—Yankee Allen, a negro elected to the convention from the county of Prince Edward, has proved himself decidedly a man of business. On the day of the election he stole a horse, rode it to the election, was pursued, captured, and imprisoned for the theft, and is now in jail awaiting his trial for the offence. He has thus stolen a horse, run him off, been pursued, overtaken, captured, incarcerated and elected a delegate to the Convention to form a Constitution for the State, all in the course of one day. Who will say hereafter that the negro delegates have no capacity for business? And yet he is but a "specimen brick" from the Radical tower of infamy.—*Lynchburg News.*

A BLACK WORKINGMEN'S CONVENTION.—The New Orleans Crescent gives notice of a "Workmen's Convention," to meet in New Orleans on the 15th of next month, and to contain delegates from Louisiana, Alabama, Mississippi, Texas and Arkansas. The Crescent says: "The members of this association are all respectable colored men, raised in the South, and of no mean claims to intelligence and information. It is their earnest desire to withdraw the attention of their brethren from the mad pursuit of office and politics to more reasonable, useful and profitable occupation of agricultural labor."

DULL TIMES IN NEW YORK.—There is much complaint in New York of dull times among the merchants. The correspondent of the Philadelphia Ledger writes:

Nine out of every ten of them will tell you they are not making money enough to pay clerk hire or store rent, while the tenth will declare that he can only effect sales by submitting to enormous sacrifice. The fact is, buyers and sellers alike seem disposed to hold off for a while to see what course Congressional legislation is going to take on the financial question, and also to see what is to come of the impeachment talk. The future is considered uncertain, and until the fog clears up, these complaints of dullness are likely to prevail.

The wholesale dry goods dealers of Brooklyn have been in consultation upon a proposition to reduce the salaries of their clerks thirty per cent. on and after the 1st of January, owning to the ruinous decline in goods and consequent heavy losses.

Local Department.

TOWN, COUNTY AND SURROUNDING COUNTIES.

Melancholy Death.—Mr. Henry Lower, a respectable and substantial farmer, and owner of what was long known as Bell's Mill, in Butler township, this county, met a sad and somewhat mysterious death on Wednesday last. He went to one of his fields in the morning, for the purpose of getting out stone—(contemplating the erection of two new barns next summer)—and not returning to dinner at the usual time, was sent for.—He was found in the quarry, lifeless, one arm and both legs broken and his body bruised and crushed—resulting, it is supposed, from the falling of earth and stone, from the top of the bank, upon him. His death is lamented by a large relationship and the community generally.

Thanksgiving.—Governor Geary has recommended Thursday next, the 28th of November, to be observed by the people of Pennsylvania as a day of thanksgiving. This is the same day fixed by President Johnson for a national thanksgiving.

Court.—November Court commenced on Monday last, President Judge Fisher and Associates Wierman and Robinson on the Bench. The following cases have thus far been disposed of:

COMMON PLEAS.

Henry Mayer and John Yeager vs. Peter Doll and others.—Issue to try the validity of the will of Sarah Doll, deceased. Verdict in favor of establishing the will. The trial occupied two full days.

QUARTER SESSIONS.

Commonwealth vs. Benjamin Klouser.—Surety of the peace, on oath of Elizabeth Yingling. Defendant directed to pay all the costs.

Commonwealth vs. Daniel Small.—Fornication and bastardy, on oath of Matilda Shull. Verdict, guilty, and usual sentence.

Commonwealth vs. Geo. W. Rex.—Selling liquor to minors. Verdict, not guilty, and prosecutor, George Dittenhafer, to pay all the costs.

Commonwealth vs. John Slonaker.—Larceny of a gun from Christian Sheffer. Verdict, not guilty.

Commonwealth vs. John Martin.—Larceny of chickens from Richard Mummert. Verdict, guilty.

Commonwealth vs. Philip Group.—Malicious Mischief. Verdict, guilty.

Isaac Kane, convicted of stealing Jacob R. Witmor's horse, was granted a new trial.

Admitted.—On Monday last, on motion of D. McConaughy, Esq., John M. Krauth, of this place, was admitted to the practice of law, after a thorough and creditable examination in open Court.

Tom Thumb and wife, Com. Nutt and Minnie Warren, will appear at Agricultural Hall, in this place, next Wednesday—afternoon and evening. We bespeak for them full houses, assured that their entertainments will please everybody.

By the way, an exchange says:—It is authoritatively announced, that at the termination of the present brief tour of the Tom Thumb troupe, the renowned Commodore Nutt (of twenty-five pounds,) will lead to the altar the sweet little Minnie Warren (of twenty pounds) Their united fortunes, accumulated by their public exhibitions within six years, are said to amount to a quarter of a million of dollars.

Parade.—The Franklin Zouaves will parade, at New Salem, to-morrow morning, at 9 o'clock. The members have procured their uniforms, as well as arms—and will, we are sure, make a handsome and soldierly appearance.

Roads.—This fine weather is well calculated for road repairing. The township supervisors and farmers generally should take the matter in hand at once, and thus secure good roads throughout the winter and spring. Open the side drains, make and repair breakers, fill low places, and gravel rough bridging—always keeping the road high in the centre. These hints fully carried out, will secure roads pleasant to man and beast, and prevent much "wear and tear" of pocket and of temper. Besides, good roads enhance the value of the lands through which they run—an item of no small account with progressive farmers, as many in Adams now are.

Stock Sale.—On Tuesday last, Jeremiah Diehl, Executor of John Diehl, deceased, sold at public outcry, at McClellan's Hotel, eleven shares of stock in the Gettysburg National Bank, to D. Wills, Esq., at $60 per share—par value $50. Also a $500 Gettysburg Railroad bond, to W. A Duncan, Esq., at $284.

At the same time, three shares of stock in the Gettysburg and York Turnpike, belonging to Hon. Thaddeus Stevens, were sold to George Swope, Esq., at $17 per share.

New Pumpkin.—Dr. C. F. Wolf, of East Berlin, the other day, placed upon our table a sweet pumpkin of more than ordinary merit. Its weight was 21 pounds, and its quality we found to be very superior. The Dr. obtained the seed from Illinois, and says it is called the "Illinois White." It is in the West looked upon as *the* pumpkin, and will doubtless soon become a favorite here. The Doctor has our thanks.

Arendtsville.—This pleasant village is still on the march of improvement. Moses Raffensperger has nearly finished a fine two-story brick house, and George Plank a handsome two-story brick house and barn. Other improvements are talked of, to be made in the spring.

Railroad.—The Chambersburg *Repository* urges the construction of a Railroad from Chambersburg to Caledonia Furnace, 10 miles, to be ultimately extended to Gettysburg and eastward. The *Repository* says: "These ten miles were surveyed, together with the Mountain crossing, in the summer of 1866, and were found to offer an easy, gradual ascent of half the maximum rate in plain grading. They can be made at a very cheap rate and will speedily become one of the most profitable branch roads in the State."

Sued for Libel.—The editors of the Lancaster *Intelligencer* have been sued for libel for words written in reference to Rev. W. V. Gotwald, now of Lancaster, but formerly of Emmittsburg. The editors, in criticising a sort of political lecture delivered by Gotwald to the Teachers' Institute there, alluded to a suit at Gettysburg to which he was a party.

Odd Fellows.—At the late session of the Grand Lodge of Odd Fellows of the United States, it was resolved that it shall not be legal to expel or suspend a member of the Order for non payment of dues. Any one owing a year's dues shall be considered as having resigned, and shall be dropped from the roll, and shall thereafter rank as an Ancient Odd Fellow.—Any one dropped may be re-admitted, in the usual manner. The new regulation also applies to all persons heretofore suspended or expelled for non-payment of dues, and to members of defunct Lodges and Encampments.

THEY are sleighing in Bangor, Maine.

Property Sales.—Wm. Rider, Executor of Joseph Rider, deceased, has sold the farm of said decedent, in Germany township—125 acres, at $60 per acre—Jonas Stonesifer, of Frederick county, Md., purchaser. Also, a wood lot in Union township, to the same—10 acres, at $400 cash.

Wm. Rider has sold a farm, in Mountjoy township—143 acres, at $80 per acre—to Joseph Plunkert, of Carroll county, Md.

Jesse B. Spahr has sold his house and blacksmith shop, in Arendtsville, to the Misses Reever, for $2,250.

The property of the Misses Stallamith, in Arendtsville, has been purchased by George Lower, at $1,400.

Adam Hartlaub, Jr., has purchased of Henry Forry, an acre of ground in Bonaughtown, at $200. Mr. Hartlaub intends to erect a dwelling thereon immediately.

John McMaster has sold a tract of 16 acres, with the buildings, in Mountpleasant township, to Nicholas Kephart, of York county, at $1,550—and 2½ acres of timber adjoining, at $180 per acre—parts of the Spitler property.

Adam Hartlaub has sold his farm, in Mountjoy township, to John Sheely.

J. F. Houck has purchased the home farm of the late Samuel Gilliland, in Tyrone township 202 acres, at $22 per acre, or $4,444.

Joseph Wolf has sold his property, in Butler township, to John Mummert—11 acres and improvements, at $2,500 cash.

Jacob Hartman has sold his property, in Huntington township, to Benjamin Weaver—33 acres, with buildings, at $3,200. Also a timber lot to Eli Gochenour—3 acres, at $250.

The real estate of Sebastian Hafer, deceased, in the borough of Abbottstown, was recently sold, as follows: No. 1—the corner property, late residence of decedent, was bought by Wm. Hafer, at $3,350; No. 2—house and three acres of land, by Wm. Bittinger, $1,125; No 3—three acres adjoining, by Wm. Bittinger, at $600; No. 4—three acres adjoining, by Wm. Bittinger, at $475; No. 5—three acres adjoining, by Wm. Bittinger, at $505.

Adam C. Musselman, Esq., Trustee, has sold part of the property of Henry Wortz, deceased, 11 acres and 65 perches, to Mrs. Margaret Donaldson, for $405.—George M. Wortz, one of the heirs, took the home property at a valuation of $30 per acre.

Daniel King has sold two houses and lots in Fairfield, on Main street—one to E. W. Harbaugh, for $400, the other to Jacob L. Firror, for $800.

Adam C. Musselman, Esq., has also sold 4 acres of land, more or less, adjoining Fairfield, to Daniel King, for $750.

James Wilson has sold his house and lot of ground, with shop, on West Middle street, Gettysburg, to Henry Felty, for $1,350.

Andrew Polly has purchased a house and lot on East Middle street, of Hon. J. B. Danner, at $950.

The Fashions.—The fashion reports from Paris announce that large hoops are again to be in vogue, and short dresses be again worn only by young girls. This is bad news—especially the latter part of it. That inexorable Fashion should compel our women to be street sweepers, is a deplorable plague of social tyranny, but there is no escape from what the French call *le despotisme de la mode.* The time will come, we hope, when our ladies will not go to the French Court, but to common sense, for their styles.

Among gentlemen it is noticed that box-toed shoes, flesh-colored gloves and blue broadcloth suits predominate.—Pantaloons have now approached that degree of tightness which may be called pinching. Coats are worn very short, only coming down to the hips. A few light colored overcoats are seen; but black or dark olive seems to be the favorite color. Hats have wider brims, more of a curve, and not so tall as last season. Neckties are worn of bright colors.

Dr. J. Shorb, near Emmittsburg, died recently, much regretted.

Advertising Sales of Property.—The Lancaster *Intelligencer*, in speaking of the importance and great advantage of advertising sales of property in the newspapers, in addition to having handbills printed, very truthfully says: "A newspaper is read by hundreds who never see the attractive bills which are posted in the taverns and the store rooms. Every subscriber to a county paper reads all such advertisements carefully. He knows who is selling out and exactly what is offered for sale. The advertisements are a topic of conversation when friends meet, and arrangements are made for attending sales. The result is a large crowd, spirited bidding, and a realization of ten, twenty or fifty times what it costs to advertise. No money is so sure to return a large profit as that spent on printer's ink. A single additional bidder on a single article will pay all it costs to advertise a sale of personal property in a newspaper. Is it not strange, then, that any one should fail to advertise? Let our friends think of the matter."

Stoves!—Stoves!—at S. G Cook's, York st., Gettysburg. Particular attention is called to Small & Smyser's Pennsylvania Cook, No. 8. The fire place of this stove takes in a piece of wood two feet long, which makes it the cheapest stove in the market; its baking and heating qualities have been thoroughly tested, and never failed to give satisfaction. He has the exclusive sale in Gettysburg of this stove, and also of the Empire and Oriental self-feeding Base Burners, two of the best stoves ever invented. They can be seen in operation at the Keystone House and Globe Inn. tf

Election.—The following gentlemen have been elected officers of the Berlin and Hanover Turnpike Company for the ensuing year:

President—William Wolf, (East Berlin.)

Directors—Jacob Young, Samuel Hollinger, Jacob Reuser, Joseph E. Cramer, Daniel N. Bucher and Henry Wirt.

Secretary—Henry Wirt.

Treasurer—Jos. R. Henry, (Abbottstown.)

The Company has declared a dividend of $2 per share.

Burglarious.—On Wednesday, about 6 o'clock in the evening, some villain entered the mansion of Peter Brough, on West Market street, unobserved, and stole from a wardrobe in the room occupied by Mr. John Brough, two suits of clothing belonging to John. The thief succeeded in carrying off the plunder in safety, and no clue has yet been discovered to indicate the person who perpetrated the theft. It is not known whether the thief was a man or a woman.—*Chambersburg Spirit.*

Wood!—Wood!—Wood!—Cold weather is upon us, and we are out of wood. A number of our subscribers expect to pay us this fall with wood. Will they please bring it "right along?" We *must* have it *now.*

Sold.—Isaiah P. Diller, of Hanover, has sold his horse "Grey Eagle," to a gentleman in York, for $500.

Local Items.—An editor, speaking of the complaints of readers that he doesn't publish all the local items they desire to see, justly observes that it is often their own fault in not sending the facts. He says he doesn't like to publish a marriage after the honeymoon is over, or the death of a man after his widow is married again.

Like Magic.—The certainty and quickness with which Coe's Cough Balsam cures Coughs, Colds, Croup, and lung difficulties. Give to the children when attacked with Coughs and Colds, and rest assured you will find relief at once. Physicians say it is the best cough medicine in the world.

For all those Distressing and Afflicting Maladies which originate in Scrofula or an enfeebled or vitiated state of the blood, nothing can equal the tonic and *purifying effect of Dr. Anders' Iodine* Water, a pure solution of Iodine

GRAND JURY REPORT.

TO the Honorable the Judges of the Court of Quarter Sessions:

The Grand Inquest of the Commonwealth of Pennsylvania inquiring in and for the County of Adams, at November Sessions, 1867, beg leave to report that we visited the Almshouse and County Jail. They found the paupers well provided for, the buildings clean, and everything comfortable. There have been between four and five Indians, and one Negro in jail since, which was very necessary; the barn much improved by new weatherboarding and painting. The Steward deserves the thanks of the people of the county to his attendants we would recommend that the north end of the Insane Hospital be repaired, and in the main building at the north corner a new stove be put in.

At the Jail we found the rooms clean, the prisoners comfortable, the Deputy Sheriff obliging and careful, and would recommend some improvement to be made in some of the cells, and the bake oven to be taken away & new roof be repaired.

PATENT

METALLIC OR WHITE WIRE

FOR

CLOTHES LINES.

WE beg leave to call your attention to an entirely new quality of Wire known as Metallic or White Wire, possessing a coating which prevents it from rusting or tarnishing from its ordinary color during any number of years, and on which Leathers Paint have been secured. It has been found to be one of the most suitable for clothes lines, except the old-fashioned rope or cord, which always gives so much trouble and annoyance by breaking, rotting out, and discoloring the clothes, and by being obliged to put it up and take it down every time used. With this Wire Clothes Line you have none of these annoyances, and when it is once put up it gives you no more trouble. After using it a year you will find a hundred of the statements of thousands of others in its praise. Every family should, and will eventually have one. It will not rust or corrode, though you may keep it in water for any length of time, even salt water.

Six Reasons Why every family should have one of these PATENT WHITE WIRE CLOTHES LINES:

1st. You never have to take it in, no matter what the weather may be; the weather will not affect it.

2d. It will last from twenty to fifty years, and during that time you will wear out fifty ordinary lines, besides suffering an untold amount of trouble and annoyance with them.

3d. It is the cheapest line in the world, to say nothing of its great convenience. A good rope line costs about 1 cent per foot, and this only 3 cents. This will last a lifetime, while that with which you have been troubled will last one year. This Wire, at 25 cents per foot, is cheaper than a rope line.

4th. You cannot load it heavy enough with clothes, and the wind never blows strong enough to break it—long spans being a great advantage.

5th. It does not in any way discolor, wear or injure clothes that are hung upon it, and they never freeze to it. The finest fabrics can be rested instantly in the coldest weather without injury. This is a decided advantage over the rope line.

6th. It will save its price in saving you trouble and annoyance every three months you own it.

PRICE 3 CENTS PER FOOT. Money refunded if not found exactly as represented, after the most thorough trial.

FRIDAY AFTERNOON, NOV. 29, 1867.

A QUESTION ABOUT MANURE.

It is the general practice in this country to allow the manure formed in the barnyard during the winter to remain there until seeding time in the fall. Is this an economical plan? Does not the manure undergo considerable loss in the yard during the warm weather of summer?

It has been calculated by those who have had experience and the means of ascertaining, that for every ten hundred weight of dry fodder, hay or straw used, the farmer may expect from twenty to twenty-five hundred weight of manure, *in the spring*.

This ten hundred weight of dry food and straw will, as before stated, produce from twenty to twenty-five hundred weight of fresh dung, which at the end of six weeks will weigh but twenty-one hundred; at the end of eight weeks but twenty; when half rotten but from fifteen to seventeen; when entirely rotten, but from ten to thirteen.

Thus, we see that by the time the manure is fully rotten, one-fourth of the weight is lost, and the mass is diminished in bulk one half. These remarks apply to manure which is left exposed to the action of the sun and rain.

The main loss is in water; but there is a very large loss in ammonia and other volatile substances, which are evaporated by the heat of the sun, or washed out by the rain.

The question then, is: Would it not be better to haul the manure out to the field in the spring and plough it under, so that what loss by decomposition and fermentation does take place may be absorbed by the soil?

If enriching the soil was the only object in view, it would without doubt be most economical to plough the manure under as soon as possible after it is formed: but there are other points to be considered, as, for instance, the state of the soil with regard to texture.

If the soil is light and very open, it would not be economical to plough in long or fresh manure, for it would have a tendency to make it still more so; the rain would wash the soluble portions of the manure too deep before they could be absorbed by the soil, and in this way a greater loss might be created than if the manure had remained in the barnyard. But in heavy or common soils it is undoubtedly more economical to plough in the straw and other manure while in a long and fresh state, for it will then have a tendency to render the soil more open and permit a more free passage of the air.

English farmers think this by far the better plan, for it converts the whole field into a heap of compost, and fermentation goes on slowly, and as fast as the volatile portions are given off they are absorbed and retained by the soil.

The crop for which the manure is applied must also more or less influence the manner of application. If the crop is one which grows quickly and soon reaches maturity, it would not be economical to apply long, fresh manure, for the plant would be done growing before the manure was sufficiently decomposed to affect it much. But if, on the other hand, the crop is one which grows slowly, and it is desirable to furnish it with nourishment throughout the whole growth, then long manure will better accomplish the effect than common fermented or decomposed manure.

I consider that I obtain more from my manure by spreading it on the sod and ploughing it under for corn, than I do by keeping it, *even with the best care*, until fall, and applying it to the oats stubble to be ploughed in for wheat.

I think that the corn crop appropriates what would be lost by evaporation, had the manure been retained in the barnyard in the usual way. And when seeding times come in the fall, the manure is thoroughly incorporated with the soil and is ready to fertilize the wheat as soon as it begins to grow.

I do not find from several trials that the oats is sensibly affected by the manure, as I do not turn it up when ploughing for oats.—*B. B. T., Berks county, Pa.*

IRON AND VEGETABLES.—A curious discovery, says the *American Farmer*, Baltimore, has been made in France, regarding the influence of iron on vegetables. On the chalky shores, vegetation is sere and withered in appearance, which, it appears, is removed by the application of a solution of the sulphate of iron. Harricot beans, watered with this substance, acquired an addition of sixty per cent. Mulberries, peaches, pears, grape vines and wheat, derive advantages from the same treatment In the cultivation of clover, wonderful advantages have been gained by the application of the sulphate of iron on soils where it is desired to produce an early crop. In view of these facts the *Farmer* asks: "What becomes of all the scales which fall from the anvils of our land?"

CUTTING TIMBER.—Cut timber from September to December, and you cannot get a worm into it. October and November are perhaps the best months, and are sure to avoid worms. You cut from March to June and you cannot save the timber from worms or borers.

JOSEPH CLOUD, of East Nantmeal, Chester county, informs the *Record* that he raised this year from one seed a pumpkin vine 780 feet long, bearing 348 pounds of pumpkins, the largest weighing over 60 pounds.

These Machines are peculiarly adapted to Family use. They are noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.
